

Hairy Man Road Safety Improvement Project Brushy Bend Drive to Sam Bass Road

FACT SHEET

County Commissioner: Commissioner Terry Cook, Precinct 1
Project Roadway: Hairy Man Road/Brushy Creek Road
Project Limits: Hairy Man Road, From Brushy Bend Drive to Sam Bass Road

Project Purpose:

The purpose of the proposed Hairy Man Road Safety Improvement Project is to improve the safety for motor vehicles, pedestrians and bicyclists, as well as provide safer access to park facilities.

Project Details and Design:

Project limits include the roadway between Brushy Bend Drive and Sam Bass Road, a distance of approximately 2.4 miles. This project includes a traffic study and preliminary evaluation of possible safety improvements along the corridor. The proposed project design includes:

- Adding two-foot shoulders to the roadway
- Adding rumble striping along the centerline and along the edge of the roadway
- Adding turn lanes into Olson Meadows Park and Creekside Park
- Improvements to park entrance driveways

Project Funding:

The study, design and construction is funded by the 2013 Williamson County Road Bond Program. The estimated cost for this project is \$3.1M.

Project Schedule:

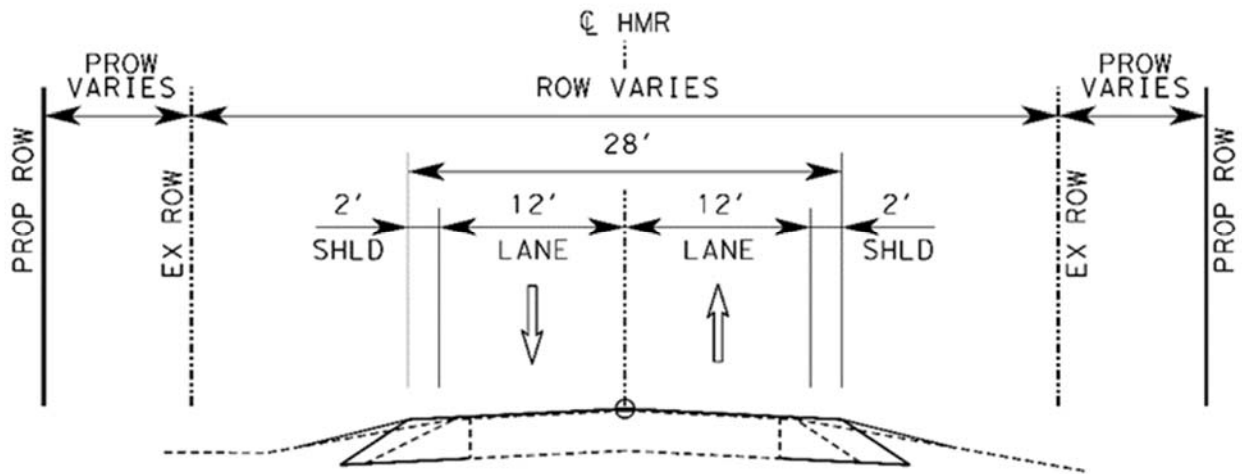

- The project design is anticipated to be completed summer 2018
- Construction is anticipated to begin fall 2018

For more information about this project, please visit www.roadbond.org. Questions or comments may be directed by email or phone to the Williamson County Road Bond Program at roads@wilco.org or (512) 244-8610.
